

The screenshot shows a presentation slide titled "YOUR TURN: EXERCISE". The slide content is as follows:

■ Draw a use case diagram for the hospital reception system. In this system, receptionist can schedule patient appointment and patient hospital admission after the patient registration. Both types of patients i.e. outpatient and inpatient can be admitted in the hospital. Receptionist also checks the insurance and claim forms and put them in file. Patient medical report is also filed by the receptionist.

The slide is part of a presentation titled "SDA Week 3 Use case.pdf". The interface includes a top navigation bar with "Menu", "Home", "Find text or tools", and "Sign in". A left sidebar contains icons for various tools. A right sidebar shows a "View Summary" button and a list of slide numbers (57, 61). The Windows taskbar at the bottom shows the time as 9:10 PM on 9/7/2025.

DRAW USE CASE DIAGRAM

Class Assignment or Activity: Draw USE case diagrams of given scenario on screen slide of HMS of 2 roles "Receptionist" user and Patient user for HMS System by given data. and submit to me on google class room in 1 hour
